To Parents and Community Members

BUILDING UPDATE

I am pleased to say that Stage 1 of the building program is commencing next week and it will require some further adjustments in our school structures. An immediate impact is on those classes in B block (Mrs Sandell 1.1 and Mrs Glaskin / Mrs Bruce 3.1) as work will start on a new communications rooms in that block. There will be a great deal of noise and disruption to that area while the work is done and it was therefore decided to move the classes to rooms in H block.

The following changes will start during this coming Thursday, 22 August - Class 1.1 moving into the Art room and Year 3.1 into the current LOTE room.

We are anticipating that these changes will be for the remainder of the term. After which, all students would return to their normal classrooms in B block.

The fencing off of the work area for Stage 1 will also result in all Kindy and PP parents needing to access their children's classroom via the pathway at the rear of B block (*as many are doing now*). **Please also note that the access track from Lagoon Drive will not be accessible at all during Stage 1 construction.** All Kindy and PP parents will have to access the area either from the front of the school or Oldham oval side.

The work around H block is largely due to finish by the end of the week and we are currently seeking assurances that the new basketball court and grassed area in front of the building will be available to students in the next week. The oval re-grassing and reticulation work is due to finish in the next week or two.

The front basketball court will also be fenced off as of this Friday 23 August, ready for demolition and therefore there will be even greater movement of students through the front of the school. I would therefore urge those one or two parents who ignore the orange cones blocking access to the carpark area to please respect these and not enter the carpark area. There will be many more students and parents walking through this area and their safety is paramount.

Once again I would like to acknowledge the cooperation, consideration and patience of all members of our school community as we go through the re- building program, we all agree the end outcome will be worth it.

Regards

Alan Curtis

Principal
